## Honda EU3200iAC Inverter Generator

### 3200 Watts of Portable Power

The EU3200i can operate a wide variety of appliances, including a furnace, fridge, microwave, RV AC, and much more. It's ideal for RVs, outdoor events, home back up power, and much more.

### Compact & Lightweight Design

At less than 60 lbs, the EU3200i is the lightest, most compact 3000 watt series generator we've ever made. Two integrated handles make it easy to lift, carry, and store.

### Easy Starts & Simple Operation

Quick and easy 2-step chokeless starting: just turn on and pull for instant power.

### Convenient Smartphone Control

Easily monitor fuel level, power output, Eco Throttle® and much more, all from the palm of your hand. The app includes wireless stop, operation monitoring, and service reminders. Built-in Bluetooth® connectivity teams with the exclusive Honda My Generator Bluetooth® App for the ultimate in freedom and control.

### Exceptional Fuel efficiency

Thanks to Honda's exclusive Eco Throttle System, the EU3200i offers great fuel efficiency. Runs up to 8.6 hours on a single tank, depending on the load. This makes it great for overnight power.

### Powerful Honda GX130 Fuel-Injected Engine

Smart electronic fuel injection technology increases fuel efficiency, eliminates the engine choke, and reduces fuel associated carburetor problems.

### Know with a Glance

Front panel LED indicators provide quick, convenient viewing of fuel level, Eco Throttle® operation, and more.

### Super quiet - less noise than normal conversation

So quiet, your neighbors will thank you. The EU3200i operates at 54 to 58 dB(A), which is less noise than a normal conversation. This makes it ideal for camping, RV power and any other activity that requires quiet operation.
